PROFESSIONAL SUMMARY

Results-driven PHP developer with **3+ years of experience building scalable web applications using Laravel**. Skilled in MySQL database design, RESTful API development, and front-end technologies like HTML5, CSS3, and JavaScript. Committed to writing clean, maintainable code and collaborating with cross-functional teams to deliver high-quality solutions.

SKILLS

- Languages: **PHP, Python**
- Frameworks: **Laravel 8, CodeIgniter 3**
- Web Technologies: **HTML5, CSS3, JavaScript, jQuery, Ajax, Bootstrap, REST API, JSON**
- Database: **MySQL, SQL Server**
- Version Control & Tools: **Git Hub, Git Lab, Jira, Postman, Docker(basics)**
- Software Development: **MVC Framework, API Development, RESTful Services, OOPS**
- Other Skills: **MS Word, MS Excel, Stripe Integration, Debugging & Troubleshooting, Agile/Scrum Methodology, basic knowledge of Node.js, React.**

EXPERIENCE

Specialist Engineer

Aparajitha Software Services Pvt Ltd, Madurai
January 2025 – Present

- **Designed** a secure and efficient backend solution **utilizing Laravel and PHP, reducing data retrieval time by 25%.**
- System **enhancements** led to improved customer service response rates and satisfaction.
- Worked in **Agile Methodology Using Jira.**

Associate Software Engineer

Azinova Technologies, Technopark, Thiruvananthapuram
October 2023 – November 2024

- Built and enhanced **enterprise-level web systems** using Laravel following **structured development principles.**
- Maintained structured **database schemas for reliable data storage and retrieval.**
- Engineered Scalable PHP web applications for an e-commerce platform.
- Performed functional testing and issue resolution to improve **application quality.**

System Engineer

Novelx Technologies, Eraviputhoorkadai
June 2022 - September 2023

- **Implemented server-side scripts using CodeIgniter 3,** focusing on performance improvements, security, and query optimization in MySQL.
- Worked closely with team members to **ensure smooth cross-functional collaboration** during the development and maintenance phases.
- Actively participated in troubleshooting and **debugging processes, reducing system errors and improving application stability.**
- Utilized **MVC frameworks** for efficient **code management and development.**

PROJECTS

Buddy Invoice System - SaaS (Enterprise Finance Automation)

- **Role:** Backend / Web Application Developer
- **Technologies:** PHP (MVC), Laravel 8, MySQL, Events & Listeners, Jobs, Console Commands, Laravel Elfinder, JavaScript, jQuery, Ajax, Caching, HTML, CSS, Bootstrap, REST API, GIT, JSON.
- Contributed to a SaaS-based finance and billing platform automating invoice generation, and document workflows.
- Designed and implemented secure server-side modules using OOP principles, MVC architecture, and reusable components.
- Built a secure file upload and document management system, ensuring **proper validation, access control, Individual user storage and storage optimization**.
- Spearheaded integration of **RESTful APIs, decreasing page load times by 32%**.

Day Mart (E-commerce)

- **Role:** Full Stack Developer
- **Technologies:** PHP (MVC), Laravel 8, MySQL, JavaScript, jQuery, HTML, CSS, Bootstrap, REST API, GIT.
- Created REST API for Mobile App Team.
- Worked in Laravel-based e-commerce platform with secure Stripe payment gateway integration.
- Pioneered the implementation of **server-side caching techniques in PHP, improving data retrieval speed by 25%**.

Emaid Projects for Dubai

- **Role:** Software Developer
- **Technologies:** PHP, Laravel 8, MySQL, JavaScript, jQuery, HTML, CSS, Bootstrap, Ajax.
- Developed a **Dubai Cleaning Services App** featuring a real-time **booking system** with **slot-based scheduling** to efficiently manage customer appointments and **service availability**.
- Refined **database queries** and backend logic to **boost application efficiency** with a focus on **scalability and performance**.
- **Implemented security features, including authentication and authorization** mechanisms to ensure data safety and application integrity Ensured application **performance** and **security**.

EDUCATION

- **BCA** (Bachelor of Computer Application), Nesamony Memorial Christian College, Marthandam - **62%** (2016-2019)
- **HSC**, C.S.I.V.V. Higher Secondary School, Irenipuram - **72%** (2015-2016)
- **SSLC**, C.S.I.V.V. Higher Secondary School, Irenipuram - **83%** (2013-2014)

CERTIFICATIONS

- **Python Basics and Advance** in Networkz System
- MS Office and Tally in CCS Marthandam
- Great Learning Online Certificates in **Power Bi**
